TEACHERS

High School: Leland S. March, Headmaster
Helen Moors

Grammar Grades: Marion M. Daley

Primary Grades: Alice L. Powers

School Nurse: Lottie M. B. Underhill

Health Officer: Walter Chase

Truant Officer: Linwood Tewksbury

The figures above show the high school enrollment to be smaller than last year. As there are four to graduate and only one to enter from the eighth grade in the fall there will undoubtedly be even less next year. With the tax problem growing more serious every year the advisability of maintaining so small a high school will have to be considered before very long. Further economy could be made by combining the Union and Town Districts, and consolidating some of the schools.

As the village school house will probably be in use for many years, it would seem wise to keep it in good repair. Just at present the most urgent needs call for some inside painting and the rebuilding of the corner by the front entrance.

In accordance with instructions furnished by the United States Office of Civil Defense, should there be

an air raid it is planned to keep the children within the shelter of the school. Frequent drills are being held so the pupils may take their places without confusion.

For an account of the activities of the high school I would call your attention to the report of the headmaster.

Respectfully submitted,
EDWARD A. JANES.

REPORT OF THE HEADMASTER

Mr. Edward A. Janes
Superintendent of Schools

As its Headmaster, I hereby submit the annual report of Bath High School for your consideration.

A brief summary of the activities of Bath High School for the first half year, and our plans for the last half year is respectfully presented for your observation.

The attendance record has been only fair because of the prevalence of colds and other illnesses outside

the control of the school.

In the field of scholarship, we are proud to say that no student has failed any subject for a six-week marking period. This has called for considerable endeavour at times on the part of student and teacher, but is an accomplishment we shall try to achieve each subsequent marking period. A few outstanding achievements are these:

1. One pupil (Goldie Hooker) has received straight "A" in each subject for the first two marking periods.

2. Two pupils have earned four "A"s, four "B"s and no "C"s or "D"s.

3. A total of seven pupils have gained all "A"s and "B"s in the first two marking periods.

Last fall the boys of the entire school, including High School, Grammar School and Primary School, were divided into three teams and a touch football tournament was played off. The girls were organized into two teams, The Green Team and The White Team. A start was made toward playing outdoor basketball just before cold weather set in. The two lower rooms were taught to play Speed ball with both boys and girls learning the game. There has not been much interest in organizing a basketball team this winter, but we have organized a Bath High School Rifle Team. We are fitting up a Shooting Range in the basement which will be used only after the entire school has been dismissed.

The High School sessions were changed last fall from one single session each day to two sessions synchronized with the Grammar and Primary School schedules so that all three groups open and close the school day and hold the Recess periods at the same hours. This was done on a vote by the School Board.

The school has attempted to organize the class programs, Assemblies and other functions of the

school in a way to develop and cultivate the ability of all pupils to stand up in public and speak to an audience easily and effectively. Pursuant with this aim, we have given all pupils every opportunity possible to practice standing and speaking before a group.

The Christmas Exercises were held in the Town Hall this year with all three rooms participating. They were held in the evening in order to allow all interested parents and friends of the School to attend. Seventy-eight adults were present.

We are teaching the High School to sing many of the patriotic and favorite songs of America, using the books you purchased for us this year. Although we started slowly, the High School Chorus has improved immeasurably. A beginning has been made toward the singing of parts on some selections.

The School Play is progressing finely under the able direction of my assistant, Miss Helen Moors. It will be presented shortly.

We plan to publish the "Bath Union Spirit" in the spring as usual, with everyone doing his or her bit to make it a success.

In the spring we plan the usual School Picnic and trip to Boston, New York or Washington, according to our funds.

A Fire Drill has been held once a month as a safety precaution. Air Raid Precautions are being worked out to meet our situation, and being practiced for pupil safety. A course in First Aid will be given in connection with our Safety Program.

I am very proud of the progress of Bath High School thus far, but realize that while one individual can spoil any organization, it takes the sincere, whole-hearted co-operation of all concerned to make it a success. Therefore, I wish to thank the members of the School Board, my Superintendent and fellow teachers, and the students for their interest, their unselfish

helpfulness and loyal support of Bath High School. Also, I wish especially to express my appreciation to all the citizens of Bath and parents of our students for their quick acceptance of their new Headmaster and their unquestioning confidence and friendship.

Respectfully,

LELAND S. MARCH,
Headmaster

TEACHERS

Swiftwater:- Elizabeth G. Hooper	15 pupils
Nutter:- Avis Lemieux	6 pupils
Pettyboro:- Barbara L. Jeffery	19 pupils
Carbee:- Ilene N. Parker	12 pupils
School Nurse:- Lottie M. B. Underhill	

The records show a small decrease in enrollment.

As I said in my report for the Union, there would probably be a saving in uniting the two districts and consolidating some of the rural schools with the one in Bath Village. The Board, however, has not made any plans for a change and has accordingly made out a budget large enough to keep open the same schools as at present.

The buildings are all in good condition and should require only the usual minor repairs. Since last year new shingles have been put on the Carbee School and the outside has been painted. The school yard at Pettyboro has been greatly improved by a coating of gravel. Fuel could be saved in any of the schools by putting insulating wool over the ceilings.

I wish to thank those who raised money at the barbeque last summer for financing in part the hot lunches now being served at the Swiftwater and Nutter schools. It is to be hoped that such a beneficial activity may be continued in the future.

Respectfully submitted,

EDWARD A. JANES.
